Executive Report

President: Nicole Updegrove ’14
Vice President: Andrew Trexler ’14

This week was spent primarily on issues of Greek life and sexual assault. A forum will be held on April 14th, open to all students to discuss these issues. We are working to make it a safe space for everyone, particularly survivors. Updates to follow.

Executive Committee
This week, Executive Committee addressed primarily Greek life and constitutional review.

Campus Master Plan
This week, Justin and I (and many administrators and architecture professors) heard input from two consulting companies that answered Wesleyan’s request for proposals (RFP) for our new Campus Master Plan. We’ll keep you posted on who is chosen and the progress of their work!

Academic Affairs Committee (AAC)
Chair: Grant Tanenbaum ‘15

See April 13.

Community Committee (CoCo)
Chair: Nicole Brenner ‘15

Coco Members will update the assembly on the status of their projects (report to come)

Organization and External Affairs Committee (OEAC)
Chair: Jacob Musinsky ‘15, Coordinator

OEAC spent a good amount of time discussing the future of the committee. We are agreed that OEAC should be dissolved, and a position called “Chief of Staff” should be created who will have many of the jobs as the OEAC Chair/Coordinator does now.

Elections
The Elections Committee met with the candidates for Senior Class Officers and President/Vice President of the WSA. Elections will take place April 14-18. Mansoor has been working with ITS to figure out if we will be using a new voting service for this upcoming election or not.

Constitutional Review
Constitutional Review Committee met to discuss changes to the Constitution and By Laws. These will be discussed at this week’s GA. We hope to move the process away from GA and mainly to our weekly meetings as a committee. All interested in helping out should come to a constitutional review meeting (Thursdays at 6-7PM in the WSA office).

Canvassing
We will be canvassing over the next two weeks. Look out for an email soon about it.

Review
Lily has drafted questions that will be sent out to all of you about your experience as a WSA member. Look out for an email about this as well.

ITC
Mansoor is working with ITS in looking at a lot of the services they provide to the campus. These services include Qualtrics, Philo, Roku, etc. If you have any strong feelings for or against these services, email Mansoor at salam@wesleyan.edu

**Greek Organizations on Campus**

We discussed student forum on sexual assault and fraternities scheduled for April 7th.

After discussing the issue extensively with administrators, sexual assault activists, non-Greek students, and members of Greek organizations SAC compiled the ideas we have heard into a resolution for GA.

We are in conversation with members of the Wesleyan Outing Club, orientation leaders, and Student Affairs administrators to ensure that the trips have the resources, planning, and support they need to take place next year.

LINKEDIN INDUSTRY GROUPS
The industry student leaders (Nabil Islam, Shelby Dillon, Rebecca Hutman, Michael You Rong Leung, Isabel Linzer, Glenn Cantave, and Alton Wang) met as a group this week with Rachel Berman, of the Career Center. It was extremely productive, and we have a solid timeline and game plan for our next steps. Izzy or Glenn can give a short update on this.

Sustainability, Finance, and Facilities Committee (SuFFaC)
Chair: Justin Gitlin ‘15

Dining Committee
As was discussed earlier in the year, the Dining Committee is in the beginning stages of initiating a meal plan points donations system. Although leftover points carry over from fall to spring semester, they disappear at the end of the year. This program aims to encourage students with extra points to points to purchase non-perishable food items at Wes Shop. These items will then be donated to local homeless shelters and soup kitchens. Ellen Paik ’16 is heading up the multi-pronged attack which will use the digital media, e-mail, and campus publications to disseminate the information.

Committee for Investor Responsibility
Chaired by Matan Koplin-Greene ’15, the CIR met this past week. On the agenda were the following items: a comprehensive review of the year-end report; a discussion of a possible open forum for the following academic year; a discussion on community banking and where to invest the committee’s funds; and a discussion on the future direction of the CIR.

Constitutional Review
A large portion of SuFFaC’s efforts since spring break has been dedicated to the future construction of the committee. Keeping in mind the broad scope of the SuFFaC mission, we are in the process of conducting an internal audit and evaluating which subcommittees are extraneous and which we would like to see more emphasis on in the future. To do this, the committee is writing mission statements for each subcommittee, cross-referencing them with peer institutions, and aiming to consolidate and cut out a few of the committees. Additionally, the committee is looking to add more responsibility in the sustainability department.

Climate Change Conference
As was discussed in last week’s SuFFaC committee report, Scott Elias ’14 has assembled a conference for the coming week. If you have not already, please sign up if you are interested in attending.
